Before the  
Federal Communications Commission  
Washington, D.C. 20554

In the Matter of )  
 )  
Wireless E911 Location Accuracy Requirements ) PS Docket No. 07-114

ERRATUM

Released: March 3, 2015

By the Chief, Public Safety and Homeland Security Bureau:

On February 3, 2015, the Commission released a *Fourth Report and Order*, FCC 15-9, in the above-captioned proceeding. This Erratum amends Appendix D of the *Fourth Report and Order* as indicated below. These corrections will be reflected in the rules as published in the Federal Register.

- 1. Paragraph 2 is corrected to read as follows:

“Section 20.18 is amended by amending paragraph (h)(3) and re-designating paragraphs (i) through (n) as paragraphs (l) through (q), adding new paragraphs (i) through (k), and revising paragraph (1) of re-designated new paragraph (m) . . . .”

- 2. Paragraph (B), of Section 20.18(i)(2)(ii), is corrected to read as follows:

“Within 3 years: Nationwide CMRS providers shall develop one or more z-axis accuracy metrics validated by an independently administered and transparent test bed process as described in paragraph (i)(3)(i) of this section, and shall submit the proposed metric or metrics, supported by a report of the results of such development and testing, to the Commission for approval.”

- 3. Paragraph (2), of Section 20.18(j), is corrected to read as follows:

“Upon meeting the 3-year timeframe pursuant to paragraph (i)(2)(i) of this section, CMRS providers shall provide with wireless 911 calls that have a dispatchable location the C/U data for the x- and y-axis (latitude, longitude) required under paragraph (j)(1) of this section.”

- 4. Paragraph (3), of Section 20.18(j), is corrected to read as follows:

“Upon meeting the 6-year timeframe pursuant to paragraph (i)(2)(i) of this section, CMRS providers shall provide with wireless 911 calls that have a dispatchable location the C/U data for the x- and y-axis (latitude, longitude) required under paragraph (j)(1) of this section.”

- 5. Paragraph (m), of Section 20.18, is redesignated as paragraph (l) and corrected to read as follows:

“(l) *Reports on Phase II plans.* Licensees subject to this section shall report to the Commission their plans for implementing Phase II enhanced 911 service, including the location-determination technology they plan to employ and the procedure they intend to use to verify conformance with the Phase II accuracy requirements by November 9, 2000. Licensees are required to update these plans within thirty days of the adoption of any change. These reports and updates may be filed electronically in a manner to be designated by the Commission.”

- 6. Paragraph (n), of Section 20.18, is redesignated as paragraph (m) and paragraph (1) of Section 20.18(m) is corrected to read as follows:

“(1) *Generally.* The requirements set forth in paragraphs (d) through (h)(2) and in paragraph (j)

**Federal Communications Commission**
